

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

Half yearly EC compliance Status of 1370 (2*685) MW Thermal Power Plant		
Environmental Clearance Letter No. and dated		J-13012/62/2008-IA.II (T), MoEF GOI 9 th May 2011 (amendments dated 13/06/13, 18/11/14, 04/02/15, 09/12/2015)
Date		12/06/2018
SN	Condition	Compliance Status
A - Specific Condition		
i	Vision document specifying prospective plan for the site shall be formulated and submitted to the Ministry within six months	Latest vision document specifying prospective plan for site has been submitted vide our letter no. GMR/CTPP/MOEF/2014-15/121 dated 28/11/2014.
ii	In case source of fuel supply now proposed to be run on imported coal from South Africa for running the power plant is proposed to be changed to domestic coal at a later stage, the project proponent shall apply for such a change in environmental clearance along with necessary documents as required under EIA notification, 2006 (and its amendments). In such a case the necessity for holding public hearing again or otherwise will be determined by the Ministry in consultation with the Expert Appraisal Committee (Thermal Power).	Amended EC has already been issued by MoEF &CC vide letter no. J-13012/62/2008-IA.II (T) dated 9 th December 2015.
iii	Provision for installation of FGD shall be provided for future use.	Complied, Space provision for FGD has been made.
iv	Stack of 275 m height shall be installed and provided with continuous online monitoring equipments for SO _x , NO _x and PM _{2.5} & PM ₁₀ . Exit velocity of flue gases shall not be less than 22 m/sec. Mercury emissions from stack may also	Stack Height is 275m. On-line continuous emission monitoring system (CEMS) has been installed with exit velocity of 25m/sec. Monitoring of Hg in stack emission has also been

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	monitored on periodic basis.	done by authorized vendor. The report of the last Hg monitoring is attached herewith as Annexure II .
v	High Efficiency Electrostatic Precipitators (ESPs) shall be installed followed by installation of Bag Filter and it shall be ensured that particulate emission does not exceed 50 mg/Nm ³ .	High efficiency ESP is installed i.e. 99.95% ensuring emission level < 50 mg/Nm ³ . An amendment has been obtained from MoEF on this condition for installation of ESP alone. Letter to MOEF bearing No. J-13012/62/2008-IA.II (T) GOI, MOEF dated 13/06/2013 may please be referred in this regard. Copy of letter has already been submitted to your good office vide our letter no. GMR/CTPP/MOEF/2014-15/121 dated 28/11/2014.
vi	Adequate dust extraction system such as cyclones/ bag filters and water spray system in dusty areas such as in coal handling and ash handling points, transfer areas and other vulnerable dusty areas shall be provided.	Dust extraction system has been installed in coal crusher, AHP & coal bunker. Dust suppression system through dry fog method has been installed in coal conveyor transfer point & water spray system in coal yard has also been installed for dust suppression.
vii	Sulphur and ash contents in the coal to be used in the project shall not exceed 0.5 % and 34 % respectively at any given time. In case of variation of coal quality at any point of time fresh reference shall be made to MOEF for suitable amendments to environmental clearance condition wherever necessary.	The stipulated conditions for sulphur & ash contents has been changed from 0.5 % and 34% to 0.7 % and 34% respectively as per the letter issued by MOEF vide no. No. J-13012/62/2008-IA.II (T) GOI, MOEF dated 13/06/2013. The same is being complied.
viii	Transport of coal to the plant site shall be strictly by rail. The project proponent shall therefore immediately take up the matter with the Railways.	Complied

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	Status of implementation shall be submitted to the Regional Office of the Ministry from time to time.	
ix	Existing de-generated water bodies (if any) within 5.0 Km of the site shall be regenerated at the project proponent's expenses in consultation with the state govt.	There is no existing de-generated water body within 5.0 Km of the site.
x	The proponent shall sponsor a detailed study regarding water availability in Mahanadi River for all competing sources such as drinking, agriculture, industrial, minimum flow of water in the river during the lean season etc. through institutions like IIT, Delhi/IIT, and Roorkee. The draft terms of reference shall be submitted within three months which shall be finalized by the Expert Appraisal Committee. The preliminary report on the above study shall be submitted within one year.	Complied. Draft TOR has been submitted vide our letter no. GMR/CTPP/2015-16/88, dated 08/07/2015.
xi	The project proponent shall undertake proactive water harvesting measures and water storage for a larger period not less than 30 days storage shall be developed. The rain water harvesting system shall be put in place before commissioning of the plant. Central Groundwater Authority/ Board shall be consulted for finalization of appropriate rainwater harvesting technology/design within a period of three months from the date of this clearance and details shall be furnished. The design of rain water harvesting shall comprise of rain water collection from the built up and open area in the plant premises. Action plan and road map for implementation shall be submitted to the Ministry within six months.	CGWA has been consulted for finalization of rainwater harvesting technology/design. CGWA has approved our proposed rain water harvesting design vide letter no. 21-4(118)/NCCR/CGWA/2011-1840 dated 14.12.2011. Copy of approval letter is already submitted to your good office vide our letter No. GMR/CTPP/MOEF/2012-13/269 dated 13/06/2012. Construction of rain water harvesting ponds completed.
xii	Hydrogeology in and around the project area shall be reviewed annually from an institute/ organization of repute to assess impact of surface	The hydrogeology study report has been already submitted to your good office vide our letter No.

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	water and ground regime (especially around ash dyke). In case and deterioration is observed specific mitigation measures shall be undertaken and reports/ data of water quality monitored regularly and maintained shall be submitted to the Regional Office of the Ministry.	GMR/GCEL/MOEF/2016-17/130 dated 26/11/2016. However we are already in process of conducting the study again very soon and the report shall be submitted immediately after the study is conducted.
xiii	No ground water shall be extracted for use in operation of the power plant even in lean season.	Complied.
xiv	No water bodies (including natural drainage system) in the area shall be disturbed due to activities associated with the setting up / operation of the power plant.	Complied.
xv	Water requirement shall be optimized to around 32 MCM and shall accordingly adopt higher COC of at least not less than 5.0.	Being complied.
xvi	Minimum required environmental flow suggested by the Competent Authority of the State Govt. shall be maintained in the Channel/ Rivers (as applicable) even in lean season.	Being complied.
xvii	Regular monitoring of ground water level shall be carried out by establishing a network of existing wells and constructing new piezometers. Monitoring around the ash pond area shall be carried out particularly for heavy metals (Hg, Cr, As, Pb) and records maintained and submitted to the Regional Office of this Ministry. The data so obtained should be compared with the baseline data so as to ensure that the ground water quality is not adversely affected due to the project	Six nos. piezometers constructed around periphery of the plant and ash pond. Photograph of piezometers have been submitted to your good office vide our letter No. GMR/CTPP/MOEF/2012-13/269 dated 13/06/2012. Seasonal monitoring of ground water level and quality is being done and monitored data being submitted to the MOEF/CPCB/CECB regularly.
xviii	Monitoring surface water quality in the region shall also be regularly conducted and records maintained. The monitored data shall be submitted to the Ministry regularly. Further,	Seasonal monitoring of Surface water is being done. The monitored data being submitted to MOEF/CPCB/CECB

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	monitoring points shall be located between the plant and drainage in the direction of flow of ground water and records maintained. Monitoring for heavy metals in ground water shall be undertaken.	regularly.
xix	Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.	Complied.
xx	The project proponent shall undertake measures and ensure that no fugitive fly ash emissions take place at any point of time.	Being complied.
xxi	Utilization of 100% Fly Ash generated shall be made from 4th year of operation. Status of implementation shall be reported to the Regional Office of the Ministry from time to time.	Generated fly ash is being supplied to nearest cement industry and brick manufacturer. Being complied as per Notification.
xxii	Fly ash shall be collected in dry form and storage facility (silos) shall be provided. Unutilized fly ash shall be disposed off in the ash pond in the form of slurry form. Mercury and other heavy metals (As,Hg, Cr, Pb etc.) will be monitored in the bottom ash as also in the effluents emanating from the existing ash pond. No ash shall be disposed off in low lying area.	So far as disposal of fly ash is concerned, it is being complied with. For monitoring of heavy metal, we have already in process for doing the same. Report shall be submitted immediately after monitoring.
xxiii	Ash pond shall be lined with HDPE/LDPE lining or any other suitable impermeable media such that no leachate takes place at any point of time. Adequate safety measures shall also be implemented to protect the ash dyke from getting breached.	Complied.

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

xxiv	For disposal of Bottom Ash in abandoned mines (if proposed to be undertaken) shall be done after obtaining due permission from DGMS and after ensuring that the bottom and sides of the mined out areas are adequately lined with clay before Bottom Ash is filled up. The project proponent shall inform the State Pollution Control Board well in advance before undertaking the activity.	Shall be complied as & when required.
xxv	Green Belt consisting of 3 tiers of plantations of native species around plant and at least 75 m width shall be raised. Tree density shall not less than 2500 per ha with survival rate not less than 80 %.	Being complied
xxvi	At least three nearest village shall be adopted and basic amenities like development of roads, drinking water supply, primary health centre, primary school etc. shall be developed in co-ordination with the district administration.	GMR Varalakshmi Foundation (CSR arm of GMR group) initiated community services in three project affected villages namely Raikheda, Chicholi & Gaitera in June, 2009 and expanded its reach to two new villages namely Sontara and Gaurkheda in June, 2012. One peripheral village “Murra” has been taken up from July, 2013. The outreach is expanded to other nearby villages namely Khamariya, Konari, Tulsi, Tarashiv, Bartori, Chatod and Samoda in year 2015. Annual report of CSR activities is enclosed as Annexure- III . The Thematic area of work in villages is improving quality of education, access of health care and sanitation, empowerment and livelihood through SHGs, individual income generation & community vocational training centre and community development.
xxvii	The project proponent shall also adequately contribute in the development of the neighbouring villages. Special package with implementation schedule for providing potable drinking water supply in the nearby villages and schools shall be	Currently GMRVF is working in Four directly project affected villages and Nine indirectly affected and Railway siding villages namely Sontara, Gaurkheda, Khamariya, Konari Murra,

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	undertaken in a time bound manner.	Tulsi, Tarashiv, Bartori, Chatod located on western and northern boundary of the proposed plant. The development work in these villages is implemented in planned and time bound manner.
xxviii	A time bound implementation of the CSR shall be formulated within six months and submitted to the Ministry. While identifying CSR activities it shall be ensured that need based assessment for the nearby villages within study area shall be conducted to study economic measures with action plan which can help in upliftment of poor section of society. Income generating projects consistent with the traditional skills of the people shall be undertaken. Development of fodder farm, fruit bearing orchards, vocational training etc. can form a part of such programme. Company shall provide separate budget for community development activities and income generating programmes. Vocational training programme for possible self-employment and jobs shall be imparted to identify villagers free of cost.	CSR Plan for the villages is made as per local need and CSR activities are identified by Social work professionals employed exclusively for CSR through GMR Varalakshmi Foundation in consultation with communities and their representatives. Poorest of the poor families are identified basing village Panchayats statistics and special interventions have been planned for their upliftment. Separate budget has been allocated for community development activities, income generation activities. Vocational training is being provided to youth for self-employment free of cost. We have started Pratibha center for local youths. To increase access of youth to educational and employment opportunities through helping them become aware of and to prepare for these. To prepare youth to become self-reliant through education and employment opportunities at Pratibha centres.
xxix	An amount of Rs 33.16 Crores shall be earmarked as one time capital cost for CSR programme as committed by the project proponent. Subsequently a recurring expenditure of Rs 6.63 Crores per annum shall be earmarked as recurring expenditure for CSR activities. Details of the activities to be undertaken shall be submitted within six month along with road map for implementation.	Time bound implementation of CSR activities with budget of Rs.33.16 has been planned and same is being implemented in nearby project villages. Expenditure status is attached herewith as Annexure – IV .
xxx	It shall be ensured that in-built monitoring mechanism for the schemes identified is in place	The social audit for year 2016-17 already conducted by GPR strategies &

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	and annual social audit shall be got done from the nearest government institute of repute in the region. The project proponent shall also submit the status of implementation of the scheme from time to time	solutions, Raipur. The supporting document in favour the same is attached herewith as Annexure V .
B - General Conditions		
i	The treated effluents conforming to the prescribed standards only shall be re-circulated and reused within the plant. Arrangements shall be made that effluents and storm water do not get mixed.	Complied.
ii	A sewage treatment plant shall be provided (as applicable) and the treated sewage shall be used for raising greenbelt/plantation.	Complied.
iii	Adequate safety measures shall be provided in the plant area to check/minimize spontaneous fires in coal yard, especially during summer season. Copy of these measures with full details along with location plant layout shall be submitted to the Ministry as well as to the Regional Office of the ministry.	Being complied. The drawing of the fire detection, protection & fighting system has been submitted vide our previous compliance letter No. GMR/CTPP/MOEF/2014-15/40, dated 25/06/2014.
iv	Storage facilities for auxiliary liquid fuel such as LDO and/ HFO/LSHS shall be made in the plant area in consultation with Department of Explosives, Nagpur. Sulphur content in the liquid fuel will not exceed 0.5%. Disaster Management Plan shall be prepared to meet any eventuality in case of an accident taking place due to storage of oil.	Complied. A copy of approval for storage facilities for auxiliary liquid fuel such as LDO and/ HFO/LSHS obtained from Department of Explosives, Nagpur has been submitted. Disaster Management Plan also is in place.
v	First Aid and sanitation arrangements shall be made for the drivers and other contract workers during construction phase.	Now our construction phase is over, however it was being complied with during construction.
vi	Noise levels emanating for turbines shall be so controlled such that the noise in the work zone	Engineering control for noise such as acoustic enclosure, silencer have been

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	shall be limited to 85 dBA from the source. For people working in the high noise area, requisite personal protective equipment like ear plugs/ear muffs etc. shall be provided. Workers engaged in noisy areas such as turbine area, air compressors etc. shall be periodically examined to maintain audiometric record and for treatment for any hearing loss including shifting to non-noisy/less noisy areas.	installed in the turbine. Moreover also ear plug, muff etc. is provided to workers in high noise area. Noise level monitoring report is being submitted to your good office regularly.
vii	Regular monitoring of ambient air ground level concentration of SO ₂ , NO _x , PM _{2.5} & PM ₁₀ and Hg shall be carried out in the impact zone and records maintained. If at any stage these levels are found to exceed the prescribed limits, necessary control measures shall be provided immediately. The location of the monitoring stations and frequency of monitoring shall be decided in consultation with SPCB. Periodic reports shall be submitted to the Regional Office of this Ministry. The data shall also be put on the website of the company.	Being complied.
viii	Provision shall be made for the housing of construction labor (as applicable) within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after completion of the project.	Complied. Now construction work is completed.
ix	The project proponent shall advertise in at least two local newspapers widely circulated in the region around the project. one of which shall be in the vernacular language of the Quality concerned within seven days from the date of this clearance letter, informing that the project has been accorded environmental clearance an copies of clearance letter are available with the State	Complied.

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	Pollution Control Board/Committee and may also be seen at Website of the Ministry of environment and Forests at http://envfor.nic.in	
x	A copy of the clearance letter shall be sent by the proponent to concerned Panchayat, Zilla Parisad/ Municipal Corporation, urban local Body and the Local NGO, if any, from whom suggestions/representations. If any, receive while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.	Complied.
xi	An Environmental Cell comprising of at least one expert in environmental science / engineering, occupational health and social scientist, shall be created at the project site itself and shall be headed by an officer of appropriate superiority and qualification it shall be ensured that the Head the Cell shall directly report to the head of the organization and he shall be held responsible for implementation of environmental regulations and social impact improvement/mitigation measures.	Complied.
xii	The proponent shall upload the status of compliance of the stipulated environmental clearance conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MOEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely SPM, RSPM (PM2.5 & PM10), SO2, NOX (ambient levels as well as stack emissions) shall display at a convenient location near the main gate of the company in the public domain.	Being complied. The previous compliance status report can be viewed at following web-link http://www.gmrgroup.in/Energy/GMR_Chhattisgarh_Power_Project.html Display board has also been installed at main gate.
xiii	The environment statement for each financial year ending 31 March in Form- V as is mandated to be	Being complied. The Environmental Statement report

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	submitted by the project proponent to the concerned: State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices at the Ministry.	can be viewed at following web-link http://www.gmrgroup.in/Energy/GMR_Chhattisgarh_Power_Project.html
xiv	The project proponent shall submit six monthly reports on the status of the implementation of the stipulated environmental safeguards to the Ministry of environment and Forests, its Regional Office, Central Pollution Control Board and State Pollution Control board. The project proponent shall upload the status of compliance of the environment of the environmental clearance conditions on their website and update the same periodically and simultaneously send the same by e-mail to the Regional Office, Ministry of Environment and Forests.	Being complied. The previous compliance status report can be viewed at following web-link http://www.gmrgroup.in/Energy/GMR_Chhattisgarh_Power_Project.html
xv	Regional Office of the Ministry of Environment, forest and climate change will monitor the implementation of the stipulated conditions. A complete set of documents including environmental impact Assessment Report and Environment Management Plan along with the additional, information submitted from time to time shall be forwarded to the regional office for their use during monitoring. Project proponent will upload the compliance status in their website and update the same from time to time at least six monthly basis Criteria pollutants levels including NOX (from stack & ambient air) shall be displayed at the main gate of the power plant.	Complied.

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

xvi	Separate funds shall be allocated for implementation of environmental, protection measures along with item-wise break-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes and year-wise expenditure should be reported to the Ministry.	Complied.
xvii	The project authorities shall inform the Regional Office as well as the Ministry regarding the date of financial closure and final approval of the project by the concerned authorities and the date of start of land development work a commissioning of plant.	Financial Closure granted on 10 th Dec'10. The Project development started after receiving Consent to establish dated 13 th Jun'11.
xviii	Full cooperation shall be extended to the Scientists/Officers from the Ministry Regional Office of the Ministry at Bangalore / CPCB/ SPCB who would be monitoring the compliance of environmental status.	Agreed and complied.
Compliance status of EC amendment dated 16/06/2013 with respect to ash pond coordinate change and removal of bag filter in place of ESP along with bag filter		
xxxi	The GCV of the imported coal from south Africa shall not be less than 4911Kcal/kg and the ash and sulphur contents shall not exceed the limits stated under: Ash contents : 33.7% Sulphur Contents : 0.7%	MOEF has changed the norm of Fly ash content in coal. Being complied as per latest norms.
xxxii	A long term study of radioactive and heavy metals contents on coal to be used shall be carried out through a reputed institute. Thereafter mechanism for an in-built continuous monitoring for radio activity and heavy metals in coal and fly ash (including bottom ash) shall be put in place.	Will be complied.
xxxiii	Continuous monitoring for heavy metals in and around the ash pond area shall be carried out through reputed institutes like IIT, Kanpur and records/data maintained.	Will be complied.

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

Compliance Status of environmental clearance letter No. J-13012/62/2018-IA.II (T), MoEF GOI, dated 18/11/14 with respect to road transportation of coal.		
Sr. No. 2	Condition	Compliance Status
i	The coal transportation by road shall be through mechanically covered trucks to the extent feasible, else, shall be through tarpaulin covered trucks.	After completion of our railway line, coal is now being transported in rail.
ii	Avenue plantation of 2/3 row all along the road shall be carried out by the project proponent at its own expenses in consultation with the State Government Authority.	Avenue plantation all along the road has already been done and there is no scope for further plantation.
iii	Periodic maintenance of the road shall be done by the project proponent at its own expenses and shall facilitate the traffic control on the road in consultation with State Government Authorities.	Not applicable as the coal is now being transported by rail.
iv	The PP shall advertise in the newspaper and place on the website, the amendment issued by the Ministry for public information.	Complied. Copy of newspaper has already been submitted to your good office vide our letter no. GMR/CTPP/MOEF/2014-15/121 dated 28/11/2014.
Sr. No. 3	Other condition	
xxxiv	Harnessing solar power within the premises of the plant particularly at available rooftops shall be undertaken and status of the implementation shall be submitted periodically to the regional Office of the Ministry.	We have already started working on this. Solar power has been utilised for fencing of boundary wall. Similarly we are going to install 1MW solar plant to cater the requirement of power in our pumping station.
xxxv	Greenbelt shall also be developed around the ash pond over and above the Green belt around the plant boundary.	Already complied.
xxxvi	The project proponent shall formulate a well-laid corporate environment policy, identify and designate responsible officers at all levels of its hierarchy for ensuring adherence to the policy and compliance with the condition stipulated in	Already complied.

GMR CHHATTISGARH ENERGY LTD.
Village – Raikheda, Gayatra and Chicholi, Block – Tilda, Distt – Raipur,
Chhattisgarh

	this clearance letter and other applicable environmental laws and regulations.	
Compliance status of the EC amendment letter dated 04/02/2015 with respect to usage of 50% e-auction domestic coal issued		
i	Sulphure and ash content in the coal to be used in the project shall not exceed 0.7% and 34% respectively for at any given time. In case of variation of coal quality at any point of time, fresh reference shall be made to the Ministry for suitable amendment to environmental clearance condition wherever necessary.	Being complied.
ii	The PP shall advertise in the local newspapers and place on the on the website, the proposed amendment for public information.	Complied.
Compliance Status of environmental clearance letter No. J-13012/62/2018-IA.II (T), MoEF GOI, dated 09/12/15 with respect to usage of 100% domestic coal.		
Sr. No. 2	Condition	Compliance Status
i	Sulphur and ash content of coal shall not exceed 0.7 % and 34 % respectively. In case of variation quality at any point of time, fresh reference shall be made to the ministry for consideration.	Being complied.
ii	The PP shall advertise in the local leading newspaper and place on the website, the proposed amendment of EC (after receiving from ministry) for change in source of coal for public information.	Complied. Copy of newspaper has already been submitted with previous compliance report dated 28/05/2016.
