

## **GMR Group Profile**

GMR Group is a leading infrastructure developer that has excelled in creating mega Infrastructure projects globally. The Group owns, develops, operates and manages airports, major energy utilities, highways and urban infrastructure facilities. With a net asset base of nearly US \$6 billion, GMR Group is one of the largest infrastructure development companies in India.

GMR Group's airport portfolio comprises of India's busiest Delhi International Airport and Hyderabad International Airport in India and Mactan Cebu International Airport in The Philippines. The portfolio has further expanded by bagging the rights for developing the new Greenfield Airport in Goa, India in 2016 and New Heraklion International Airport in Greece in 2017. Besides this, the Group has recently been awarded the concession for the development, operations and management of Bhogapuram Airport in Andhra Pradesh. As a pioneer in implementing the path-breaking Aerotropolis concept in India, GMR Group is developing very unique airport cities on the commercial lands available around its airports in Delhi, Hyderabad and Goa. GMR Aerocity at Delhi is already an iconic development and the group has recently announced the launch of GMR Aerocity at Hyderabad.

GMR Group is a prominent contributor to the Indian power sector through various projects (Hydro, Thermal and Renewable). The Group has 15 power generation projects of which 11 are operational and 4 are under various stages of development. With its presence across the entire energy value chain and with installed capacity of over 3200 MW, the Group is well poised to emerge as a leading private power producer in the country.

GMR's Transportation business focuses on surface transport projects including Roads, Railways, Metros and Airstrips/ Runways in both DBFOT (under GMR Highways) and EPC (under GIL – EPC) segments. In Roads and Highways, GMR is one of the leading developer in India with six operating assets adding to total length of over 2,400 Lane kms. Innovation in construction as well as maintenance practices, quality of construction and operational safety are of utmost priority at GMR. In Railways, GMR has a total order book of ` 4,000 Crores with projects from reputed clients like Dedicated Freight Corridor Corporation of India (DFCCIL) and Rail Vikas Nigam Limited (RVNL). Our projects are spread across Northern and Southern regions of India.

The group is currently developing an 850- hectare large format 'Special Investment Regions' (SIR) at Krishnagiri, near Hosur in Tamil Nadu. The SIR is designed and developed by GMR as self- contained eco-systems for economic activity and will have world class infrastructure provided by the Group.

To offer the complete gamut of integrated services for airports and beyond, GMR Services Business vertical has been introduced recently by the Group. The vertical offers the expertise and experience of specialized services in the value chain of airport development and operations, which includes aviation consultation, engineering and maintenance, managing the operations, comprehensive security solutions, staff training, covering all facets of airport operations and beyond. The verticals under GMR Services Business includes- GMR Aviation Academy (GMRAA), GMR Aviation Private Limited (GAPL), RAXA Techno Security Solutions and, GMR Engineering and Management Services.

GMR Aviation Academy (GMRAA) was established at the Rajiv Gandhi International Airport, Shamshabad, Hyderabad in 2009. Over the years, it has emerged as a global gateway for Aviation learning in India for not only GMR's own personnel; but also for the people of its peers and allied agencies in India and abroad. The Academy is accredited with the 'Regional Training Centre of Excellence' (RTCE) stature by

ICAO besides being a 'Global Training Hub' of ACI. It is also Authorized Training Centre (ATC) and Accredited Training School (ATS) of IATA.

RAXA Techno Security Solutions, an integral part of the GMR Group, is known for providing integrated security solutions for clients across industries and locations. Notably, RAXA is one of the first security organizations in the country to be certified with ISO 18788:2015, a standard for Security Operations Management System enacted in 2015. The academy excels in providing techno security solutions that extend beyond customised services like cyber security, automation & system integration, events management, executive protection, drone based service, etc. Their clientele for K9 services includes Celebi Cargo and Taj group, apart from internal clients. RAXA regularly provides security to events such as IPL, TCS Marathon, Airtel Marathon - Hyderabad, Pro-Kabaddi, etc.

Building on its commitment of 'Creating tomorrow today', GMR Group has commenced a unique concept, GMR Innovex- an enabling framework for innovation across all businesses. It operates on an 'Open Innovation' model, acting as an 'Innovation Exchange' to partner with startups, corporates, innovation platforms, research institutions and academia to bring innovative ideas and solutions to life and help to nurture and sustain a Culture of Innovation and Entrepreneurship.

GMR Varalakshmi Foundation (GMRVF), the Corporate Social Responsibility wing of the Group, develops innovative and locale-specific initiatives which span the areas of Education; Health, Hygiene & Sanitation; Empowerment & Livelihoods; and Community development programmes. The vision of Foundation is to make sustainable impact on the human development of communities through initiatives in Education, Health and Livelihoods. The Foundation is registered as a Section-8 (not-for-profit) Company and the mandate is to improve the quality of life of communities neighboring GMR Group's business operations. Currently, the Foundation is working in about 200 villages and urban communities across 18 locations in India.
