

ABOUT GMR GROUP

GMR Group is a leading global infrastructure conglomerate with unparalleled expertise in designing, building, and operating airports. It also has a significant presence in sectors like Energy, Transportation, and Urban Infrastructure.

GMR Airports is the largest private airport operator in Asia and 2nd largest in the world with a passenger handling capacity of over 189 million annually. GMR Airports Limited, a subsidiary of GMR Airports Infrastructure Limited [formerly known as GMR Infrastructure Limited] (GIL) has Groupe ADP as its strategic partner, which is holding a 49 per cent stake. GMR Airports operates the iconic Delhi Airport, which is the largest and fastest-growing airport in India. It also runs Hyderabad Airport, a pioneering greenfield airport known for several technological innovations. The company also operates New Goa Airport which is India's first destination Airport. The airport offers everything a tourist looks for i.e. liveliness in the serene lap of nature, making it a perfect destination for leisure and holistic tourism.

Expanding its overseas footprint, the company is developing and operating Kualanamu International Airport in Medan, Indonesia, in collaboration with Angkasa Pura II (AP II). GMR Airports is also providing technical services to the architecturally renowned and the second busiest airport in the Philippines, Mactan Cebu International Airport in Cebu.

The Group is currently developing two major greenfield airport projects in India and Greece. Bhogapuram airport in India is poised to transform the economy and landscape of the surrounding areas when ready. Crete airport in Greece will similarly play a significant role in the local economy of the region.

GMR Aero Technic (GAT) is India's largest integrated world-class third-party MRO; a part of GMR Hyderabad International Airport Limited (GHIAL). GAT provides complete technical support to aircraft operators, with utmost quality and reliability to ensure that its customers meet their operational requirements. GAT has been constantly upgrading its capabilities and expanding its service offerings to meet the growing maintenance needs of airline operators within and outside India, with a vision to be a lead MRO in the Asia Pacific region.

As a pioneer in implementing the path-breaking Aerotropolis concept in India, GMR Airports is developing unique airport cities on commercial lands available around its airports in Delhi, Hyderabad, and Goa. GMR Delhi Aerocity is a landmark business, leisure, and experiential district. Similarly, GMR Hyderabad Aerocity is coming up as a new-age smart business hub.

GMR's energy businesses have an installed capacity of over 3,000 MW capacity. With a significant focus on green energy, the company is working towards creating a more sustainable environment by harnessing the power of wind, water, and sun for energy generation. It has a balanced mix in its energy generation portfolio. Around 1,000 MW of clean energy projects of GMR are under various stages of development in India and Nepal.

The Transportation and Urban Infrastructure division focuses on surface transport projects including Roads, Railways, and Airstrips/ Runways in both DBFOT (under GMR Highways) and EPC

(under GIL – EPC) segments. The Group has four operating highway assets spanning over 1,824 lane kilometres.

Group's EPC business is working on the design and construction of the prestigious Eastern Dedicated Freight Corridor project of DFCCI (Dedicated Freight Corridor Corporation of India). GMR Group is also developing multi-focus Special Investment Regions in India.

GMR Group's underlying philosophy is to work closely with and support the local communities wherever it is present. Towards this, GMR Varalakshmi Foundation (GMRVF), the CSR arm of the Group, focuses on improving the quality of life of people by enhancing skills, providing education, and developing healthcare infrastructure and services.

About GMR Airports Limited (Formerly GMR Airports Infrastructure Limited)

GMR Airports Limited (GAL) is a leading global airport platform company with over two decades of experience in designing, constructing, and operating world-class sustainable airports. Under the brand name "**GMR AERO**", it offers pioneering aviation solutions in retail, aero services, and real estate. Groupe ADP joined the journey in 2020 as a strategic partner and is now a co-promoter in GAL.

As a platform business, GAL also provides a range of aero services including Duty Free, Retail, F&B, Cargo, Car Parking, O&M, and PMC services. Through its innovative Aerotropolis concept, it develops cutting-edge airport cities giving shape to best-in-class real estate developments in South Asia. GAL operates India's largest third-party Maintenance, Repair, and Overhaul (MRO) facility through its subsidiary, GMR Air Cargo and Aerospace Engineering Limited ensuring operational excellence across the Asia Pacific region.

GMR Innovex, a GMR Group entity, is developing and introducing a range of digital solutions to enhance the passenger journey and airport experience. Through GMR Aero Academy and GMR School of Aviation, the company is creating the talent pool necessary to drive the growth of the aviation sector in India (the third largest in the world).

As the largest private airport operator in Asia and the second-largest globally, GAL served over 120 million passengers in FY25 with a steadfast commitment to excellence in airport management as reflected in its consistent rankings for services by ACI and Skytrax. With a robust presence in India and Southeast Asia, the company operates key gateways such as Delhi, Hyderabad, Goa, and Medan airports, while extending its technical services to Mactan Cebu International Airport in the Philippines. GAL is also developing transformative projects like the greenfield airports in Bhogapuram (Visakhapatnam), India, and Crete, Greece.

As the pioneer of the Aerotropolis concept in India, GMR Airport Land Development is developing vibrant airport cities around Delhi, Hyderabad, and Goa airports, with GMR Aerocity Delhi and GMR Aerocity Hyderabad emerging as landmark business and leisure districts.

GMR Group, the promoter of GAL has a significant presence in Energy, Transportation, Urban Infrastructure, and Sports. Through its CSR arm, GMR Varalakshmi Foundation, GMR supports local communities, reflecting its commitment to improving quality of life by enhancing skills, providing education, and developing healthcare infrastructure and services.

Groupe ADP develops and manages airports, including Paris-Charles de Gaulle, Paris-Orly, and Paris-Le Bourget. In 2024, the group handled through its brand Paris Aéroport 103.4 million passengers at Paris-Charles de Gaulle and Paris-Orly, and nearly 363.7 million passengers in airports in France and abroad. Boasting an exceptional geographic location and a major catchment area, the Group is pursuing its strategy of adapting and modernizing its terminal facilities and upgrading the quality of services; the group also intends to develop its retail and real estate businesses. In 2024, group revenue stood at €6,158 million and net income at €342 million.

About GMR Power and Urban Infra Limited (GPUIL)

GMR Power and Urban Infra Limited (GPUIL) is a listed infrastructure company of the GMR Group, which has been a pioneer with a strong track record in the Energy, Urban Infrastructure, and Transportation sectors.

The company has an energy portfolio of over 3,000 MW installed capacity with a diversified fuel mix spread across India. As part of its growth (Energy 2.0) strategy aligned to the developing power sector landscape, GPUIL with renewed focus on smart and green energy, has now entered into new age industry opportunities including Smart Meters, Smart Mobility (EV charging infrastructure), and development of Renewable Energy portfolio. It is also developing around 1,000 MW of clean energy projects in India and Nepal, so as to contribute to a sustainable future.

GPUIL is also leveraging on the GMR Innovation Platform to drive business growth harnessing the power of innovation, partnering with the startup ecosystem, by collaborating to co-create, co-develop and co-own next generation technologies and products for energy industry.

In Transportation and Urban Infrastructure, GPUIL focuses on surface transport projects, primarily roads and railways in India under various models like DBFOT and EPC. Notably, GPUIL's EPC business completed a major section of the prestigious Eastern Dedicated Freight Corridor project for Dedicated Freight Corridor Corporation of India (DFCCI). In addition, GPUIL has strong credentials and expertise in airport sector EPC projects overseas.

GMR Group, the promoter of GPUIL has a significant presence in airport development under GMR Airports Limited (GAL), which is a leading global airport platform company with over two decades of experience in designing, constructing, and operating world-class sustainable airports. Under the brand name “GMR AERO”, it offers pioneering aviation solutions in retail, aero services, and real estate. GMR Group also has a significant presence in sports. Through its CSR arm, GMR Varalakshmi Foundation, GMR supports local communities, reflecting its commitment to improving quality of life by enhancing skills, providing education, and developing healthcare infrastructure and services.
